CUSTOMER TESTIMONIALS

"It makes me understand the basic concepts of machine learning in just a few days." **Rex Leong, MacroBase System**

"Trainer is well ready, the explanation is clear and full of examples". **Mun SK, TeamCloud**

"Practical Activity and immediate Result!" **Mohd Husaini, Sigma Wealth**

"This crash course is worthy and even more, would recommend anyone to come and join in", **Yap SL, APU**

"Knowledge sharing was too good!" **Kalaiselvee, AIMST**

"The instructor explains all the contents of the course in an understandable way. Plus, he also shows commitment to help guide our project" **Faiz Adli, UniKL**

"I like the trainer teaching style happy, casual, friendly, responsive, modest, and ingenuous." **Thariq, UMP**

"Comprehensive and engaging course!" **Mohd. Asyraf, USM**

"Clear explanation by instructors!" **Mhd Zhafran, UM**

"I would recommend this workshop because it is a full insight to start and understand the concept together with short and precise examples given." **Fatimah Sharil, UTP**

"An excellent crash course. The trainer is an expert. I will recommend it to my colleagues and students definitely." **Dr. Azmin S., UKM**

"This course is very useful for us to cope with changes that are happening all over the world. It's very interesting, and not so difficult." **Dr. Amir Syahir, UPM**
